

# CCRAFT ACTION

*A Union of Professionals*

Legislative Hotline

Dear Member,

Please let the union know if you are being asked to give up your duty-free lunch today and/or during STARR testing. We all love the kids and devote our lives to them, but an educator also deserves a duty-free 30 minute lunch. If you know of teachers being "voluntold" to surrender their duty-free lunch please let us know. The STARR test is not a reason under the law to sacrifice the duty-free lunch.

email back or call the office 855-0482
