

*I am originally from Guadalajara, Jalisco, Mexico. I have two brothers, a sister, and loving parents.*

*My journey begins when my parents decided to move to the United States to give their children a better future. It was a difficult time for all of us because we were trying to adjust to a new culture, school setting, and learn a new language. Along the way, I had many great teachers (as I call them angels), that helped me in this new transition.*

*Now, I'm a proud graduate of Miller High School. I obtained my teaching degree at Texas A&M University of Corpus Christi. I've been teaching the last 7 years at Los Encinos Elementary. I taught second grade first and the last six years in fourth grade. I'm proud to say that I'm the product of CCISD and I have become the teacher that I am today because of the wonderful Los Encinos Family. They helped me acquire the necessary skills that sometimes new teachers don't have.*

*It's an honor for me to have been selected the Teacher of the Year 2013 for the elementary level.*
